

Invest in Cambridge's Future by joining the donor circles of the "100 by 100" Cambridge Business Community Scholarships!

A Win for our Students – CRLS, Cambridge's only public high school, with its growing enrollment of 1,800+ students, is known for its excellent academic, arts, technical, and athletic programs. CRLS students are extraordinarily diverse and ambitious, with aspirations of further education and meaningful careers, despite the limited financial resources of 45% of CRLS families who struggle to save for college expenses that not only far exceed their income but continually rise, unlike wages.

A Win for Cambridge – Cambridge prides itself on social responsibility and collaboration toward improving the quality of life for our residents. The "100 by 100" Cambridge Business Community Scholarships will help to close the opportunity and financial resources gap and will help to boost our local economy while highlighting our local businesses.

Both my partner Alex Slive and I are alumni of the former Cambridge High and Latin School. The high school in Cambridge helped to form us and give us the tools to establish a business here in our home town. We believe that the FoCRLS "100 by 100" Cambridge Business Community Scholarship Initiative will help current students to re-invest in their community.

– Doug Hanna, Partner, S+H Construction

We are continually inspired by the innovative and entrepreneurial spirit that exists here in Cambridge. The "100 by 100" program dovetails beautifully with Marriott's core commitment to training and educating the next generation. We're grateful to Cambridge Rindge and Latin School for opening this channel to support our vibrant community and its future leaders.
